EXPERIENCE

KJHK 90.7 FM, Lawrence KS

2018- Present

Multimedia Producer

I work in a team to record weekly sessions of live musical performances by local and touring bands. We record audio and video during the live performance. The audio is aired live over KJHK 90.7 FM and then the final product is published online as part of the *Live @ KJHK* series.

Content Staff Writer

I worked as a photographer and writer producing web content including concert reviews, restaurant critiques, music reviews, and photo galleries. I also would also represent KJHK at certain events with a Press Pass.

Herizon Productions, Lawrence KS

2021

Production Intern

I worked in various areas of pre-production, production, and post-production. I have gotten experience on the set of a documentary series currently in development, and have edited on Adobe Premiere and Adobe Spark to make a sizzle for the series.
